fit the underlined words correctly into the grid?

One letter has already been entered to get you started. It's impossible!

According to scientific theory,
No bumblebee can fly.

It might be fun but it can't be done,
It's pointless even to try.

We're big and round, our wings are short,
We're not designed for flight.

That's not all, with pollen to haul,
We're not exactly light.

Luckily for bumblebees,
The word hasn't got around.

At least for now, we all know how,
To take off from the ground.

We may be short on elegance,
But we've got plenty of go.

We'd never arrive if we walked to the hive,
Time to buzz off, Cheerio!
